query	BI / read / 11																								
title	Unrelated replies																								
pattern																									
desc.	Find those <i>Persons</i> of a given <i>Country</i> that replied to any <i>Message</i> , such that the reply does not have any <i>Tag</i> in common with the <i>Message</i> (only direct replies are considered, transitive ones are not). Consider only those replies not containing any word from a given <code>blacklist</code> . For each <i>Person</i> and valid reply, retrieve the <i>Tags</i> associated with the reply, and retrieve the number of likes on the reply.
